THE WILD CHERRY AND SARSAPARILLA, which, on the basis of this preparation, have Goods and Passengers by Land and Water. By Joseph K. Angell.

"His work will be valuable to every practising lawyer in the country, and ought to have a place in every library. We are happy to learn that it has been thus far well received, and we have no doubt that experience will vindicate the correctness of these first impressions."—Law Reporter.

"It is a monument of industry, learning and research, which will prove of great utility in the practice of law and in the business of life, and, we think, cannot fail to add to the well-carned fame which Mr. Angell has already acquired as a lawyer and writer on many important and interesting subjects connected with his profession."

[Providence Daily Journal.

"The subject is treated in a practical, plain and intelligible manner, and the book may be carefully intelligible manner, and the book may be carefully."

In the neighborhood of Brownsville, in this county, it has effected several important cures, and, from our own certain knowledge of it, we pronounce it unequalled for the cure of Coughs, Colds, and diseases of this kind."

TO PRINTERS A RARE CHANCE.

TO PRINTERS—A RARE CHANCE.

THE SUBSCRIBER, wishing to engage in other business, offers for sale the Sulitican County Whig printing establishment at a very low price. The Whig has been published six years, and already has a circulation of nearly eight hundred paying subscribers. Its advertising patronage is better than that of most country papers, and the office has a liberal run of job printing. The press is a Washington No. 4 Imperial, of Taylor's manufacture, and is nearly new. The type and other material are as good as can be found in a majority of country offices, and all that is required for the business. The county is bordered by the New York and Erie railroad on one side, and is one of the most growing and prosperous of the southern tier. It has now a population of nearly 30,000, being an increase of one-third in the last ten years. For the past five years the official patronage has been in the an increase of one-third in the last ten years. For the past five years the official patronage has been in the hands of the Whigs, and the prospect is fair of its continuing so to be. Only one other paper (Locofoco) is published in the county, and that is located fifteen miles farther west. To a practical printer, or any person possessing the means, this offer affords a rare opportunity for investment, as the public patronage is rapidly increasing, and the prospect of making money never better than now.

As it is the wish of the undersigned to make immediate sale, those desiring to parchase would do well to communicate with nim on the subject without delay; and any further information that may be desired will be readily given.

It being the object of the subscriber to sell, a fair and reasonable offer will meet with acceptance, and the terms of payment made easy.
